LYNN HERITY

I googled Bio nail technician in my area and Dani's name came up, I was going out and needed them done quickly so I went along and was very pleased with result.

3 years later, each set of Bio Gel nails last 4 weeks, Dani is very professional and friendly, I never have a problem with my gel nails

lifting or coming off and would have no trouble in recommending her. My favorite colours are the reds and i have a real choice of colours. I have a regular pedicure too. **Thanks Dani for making my nails look fabulous I'm always complemented on them.**

SANDY VERNON

I have been a client of Dani's for nearly 4 years. When I started going to her house I lived in Bushey 2 minutes away and then I moved home to St Albans with a longer journey but wouldn't change to anyone else as I feel so comfortable going to her house, it's so relaxing in her room and she does my nails beautifully, she always offers me a lovely cup of coffee which I always enjoy. She will always try to accommodate when you have to change your booked appointment.

I would recommend Dani to anyone who wants a professional nail artist in a relaxed atmosphere.

EMMA SUMMERS

I first started visiting Dani 3 years ago after the salon I use to visit closed without warning. Dani fitted me in for an appointment very quickly and gave me a number of options on how to fix the acrylic nightmare that I had been left with. I took her advice on how to cover it up with the new Bio Gels and let the old grow out underneath, and after 6 months of patience I had a beautiful set of nails that I am very proud of and am often complimented on.

The colours that Dani has gives me a great selection to choose from and she really has an eye for what would suit me and my skin tone. My nails are now looking absolutely tip-top and take the bare minimum of maintenance. There's no more carrying a bottle of nail glue in my handbag and no more false tips to replace breaks! I am so pleased with my hands that I now have pedicures as well so that my feet don't put me to shame. **I cannot recommend Dani highly enough, although I am tempted to keep her a secret so that I don't have to fight my friends for an appointment!**

Try The new Bio Gel Range!
