COMPETITION! In 1911 Marie Curie became the first woman to win which award?

Answers please by Saturday 12th January 2019 via email to: dani@nailsbydani.co.uk

The prize is a set of Bio Gel Nails

JAYA SHAH

Jaya lives in Bushey and started coming to Dani's salon as had a problem with a damaged toe nail a few years ago. Now she looks forward to her manicure and pedicure. She recently celebrated her 80th Birthday taking her entire family on holi-

day to Italy. It made her very happy to have all her children and grandchildren around her for a week. Jaya's a fitness enthusiast who enjoys yoga, Pilates and swimming - **and of course likes to have her nails looking good!**

BETH MIEL

"I've been coming to Dani for about three years now. My nails were in pretty bad condition after years of acrylics. Within a few months of care from Dani, I had strong, healthy nails again with Bio Gel nails. Dani always has the latest range of colours and offers a professional service in a friendly and relaxed environment".

SHEILA

Sheila has been a client for over 4 years. Sheila says "I love the chats with Dani. She is easy to have a conversation with. Her work is very professional, she is friendly and the main reason is my gel nails last 4 weeks+. I love the choice of colours, however I tend to stick with a red or burgundy (with some shimmer coating!). **Dani is also accommodating with appointment times which I always look forward to**".
